ROLE: SUBCONTRACTOR TO SBHC OPERATORS, FQHCs, HOSPITAL SYSTEMS & SCHOOL HEALTH PROGRAMS

Digital Enrollment + Care Coordination + Reporting for School-Based Health

We provide a school-ready digital "front door" that simplifies intake and consent, enables closed-loop care coordination and referrals, and produces dashboards and reporting packs for program accountability.

CORE MODULES

Digital Enrollment & Consent
- Mobile-first enrollment and consent
- Multilingual support & audit-ready docs
- Configurable forms for school settings

Care Coordination & Referrals
- Referral tracking: initiation to completion
- Follow-up tasks, reminders, outreach docs
- Escalation views for aged referrals

Dashboards & Reporting
- Role-based dashboards (site, program, leadership)
- KPI tracking and equity cuts
- Exportable quarterly/annual reporting packs

Integration Planning
- Minimum-necessary data exchange approach
- Consent model + secure export/interface plan
- Works alongside existing EHR/HIE ecosystems

WHY PRIMES PARTNER WITH US

✓ Faster onboarding, fewer missed consents
✓ Clear, auditable reporting for funders
✓ Better follow-up and referral closure
✓ Scales across multiple schools

Implementation
- Discovery & configuration
- Pilot launch with training + go-live
- Scale across sites with standardized reporting

Security & Compliance
- HIPAA-aligned workflows
- Role-based access & encryption
- Audit logs & incident response
- Subcontractor flow-down compliance
