

Workforce Development Academy

A Modern Turn-key LMS for Health & Human Services Training

Your content. Your brand. Your instance. A fully customizable LMS built to modernize workforce training — backed by nearly 20 years of experience in career training and mandated education. We manage it for you or train you to run it yourself. Full support either way.

Everything You Need to Modernize Training

Each deployment is a standalone instance — fully customized to your organization, your content, and your workflows.

Multi-Format Training Delivery

Video, documents, SCORM, live sessions, assessments — organized into structured learning paths

Tracking, Reporting & Analytics

Real-time dashboards for completion rates, competency scores, and funder-ready reporting

Online Certificates & Credentials

Digital certificates for state-level pre-licensing, continuing education, and credential renewals

Career Progression & Job Corps Profiles

Track certifications earned, skills acquired, and professional milestones in one learner profile

Social & Community Features

Discussion forums, peer networking, and cohort-based learning to engage younger workers

Brand-Aligned & Fully Customizable

Your branding, domain, content structure — everything tailored to your organization

Your content. Your brand. Your instance. Need content? We provide that too. Full management or self-service — with full support either way.

BUILT FOR

Who Uses the Workforce Development Academy

Any healthcare or community-based organization with training content that needs a modern platform to deliver, track, and credential it. Need content? We can help.

AHECs

Area Health Education Centers with established curricula ready to go beyond live-only delivery

CHWs & Navigators

Community Health Worker certification and ongoing professional development

Care Coordinators

Training on referral workflows, partner coordination, and outcomes documentation

Peer Recovery Specialists

Substance use recovery, trauma-informed care, and behavioral health training

BETTER TOGETHER

Two standalone products. Independent value. Powerful when combined.
